

Dear Parents/Guardians,

Below are the links to summer math packets for incoming seventh grade students through high school. (The incoming sixth grade will be provided a packet that is a hard copy, not online.) The summer packets will be completed using Linkit. All of our students are familiar with this program. You can access linkit by going to the following web address: test.linkit.com.

Once you are at that web page, you enter the appropriate code, see below, and select your name from the drop down menu. Then you are good to go.

All summer packets must be completed by Monday, September 9, 2019.

We will have math support available for students on two occasions this summer: July 17, 2019 and August 14, 2019. This will be provided in our media center both days from 9:00 am to 11:00am.

If you have any questions, please contact the school.

Thank you,
Dr. McCabe

Middle School Codes

Student heading into any 7TH GRADE COURSE: **001W2VT1**

Student heading into 8TH GRADE COURSE(non-Honors): **001EB4W1**

Student heading into 8TH GRADE COURSE(HONORS/ALG 1): **001QI6JH**

High School Codes

Student heading into any ALGEBRA 1 COURSE: **001QI6JH**

Student heading into any GEOMETRY COURSE: **00116ULV**

Student heading into any ALGEBRA 2 COURSE: **00144PI9**
